Ability in Design Thinking methodology full loop (User Research, Define a problem, Ideation, Wireframe, Prototype, and Testing) And collaborator with vendors to control performance and usability in the UI UX part. Design on web base in LINE Platform

June 2018 - Jan 2020

PROJECT MANAGER / PRODUCT OWNER (BANGKOKSOLUTIONS CO.,LTD.)

As a project Manager with designing background. I used to handle many types of tasks such as web design, application design and software design & development. I able to effectively coordinate tasks to accomplish projects with timeliness and creativity. My greatest strength is solid organisational skills including attention to detail and multi-tasking skills.

June 2016 - Jan 2020

SENIOR UX/UI DESIGNER (BANGKOKSOLUTIONS CO.,LTD.)

As an UX/UI Designer with an eye for great user interface design and have a passion for pixel-perfect precision. I'm dedicated to provide the best solution with great user experience. I'm working closely to developer to understand the depth of business and to make sure the scope and the direction of the product is aligned and within schedule. I have a little knowledge of HTML and CSS. so I can help reduce the developer's work and I can understand the database tables meanings and relationships.
